PETITIONS OFFICE

Sir:

Counsel has received a decision from the Special Programs Office, DAC for Patents, refusing status under 37 CFR §1.47(a). The decision was in response to applicant's petition which was filed August 25, 1999.

The petition under 37 CFR §1.47 was superceded by applicants' filing, on September 8, 1999, of the original signed declaration. That submission satisfied the requirements laid out by the Notice to File Missing Parts of April 20, 1999. The submission further included a petition for extension and a request to charge the necessary extension fee. In addition, it is noted that the cover letter accompanying the original filing of the application on March 30, 1999 contained a general authorization to charge any fee deficiencies to counsel's deposit account.

Enclosed herewith are copies of the previous submission, as well as a copy of the fax confirmation showing that the papers were indeed submitted.

In light of the foregoing, the decision mailed July 21, 2000 is considered moot and, unless already effected, the Office is requested to forward the application file for examination in the proper group.

Finally, the petitions office, Special Programs, is requested to confirm pending status of this file.

Respectfully submitted,

For Applicants
